

Tour Report Pune-

Department of Biotechnology, Yashwantrao Chavan Institute of Science, Satara had arranged an educational tour to Pune on dated 13/02/2023. Total 80 + students of BSc II and MSc I had visited two places, namely, NHB, National Horticulture Board, Talegaon, an autonomous organization under the Department of Agriculture, Cooperation and Farmers Welfare, Ministry of Agriculture, Government of India and IRSHA, the Interactive Research School of Health Affairs, and Rajiv Gandhi Institute of Information Technology and Biotechnology (RGITBT) Bharati Vidyapeeth University, Pune, which promotes interdisciplinary research in modern biomedical, ayurveda and other traditional medicine areas and conducts research in areas such as mother and child health, breast and cervical cancer, diabetes, obesity and medicinal plants. Both Research Institute have highly sophisticated modern facility for doing research in agriculture as well as in clinical area. Students were fascinated to see the infrastructure in both institutes.
