**“Research Methodology”**

The Department of Forensic Science organized a guest lecture on 29th November 2021 titled, "Research Methodology" for the B. Sc. Part III Students. The objective of the Guest Lecture was to understand the primary purpose of an academic research paper writing and ways to get started with the writing process. The Lecture also helped to understand barriers associated with writing a research paper.

The speaker for the lecture was Dr. A. R. Mali. She discussed review papers and research papers, research and publication, how to write a review paper, important content for a review paper, writing methods, and literature sources as well as the publication procedure. She said that for a quality research it is very important to have the highest standards of integrity, impartiality and respect for data. The session was followed by Question and Answer round, queries of students were answered by our speakers.

All the students found this program very educative and informative. 53 students participated in the guest lecture. Students give positive feedback about lectures, which is beneficial for their research.
