**Report on
Hands on training on Skill Development Courses**

Level- 5

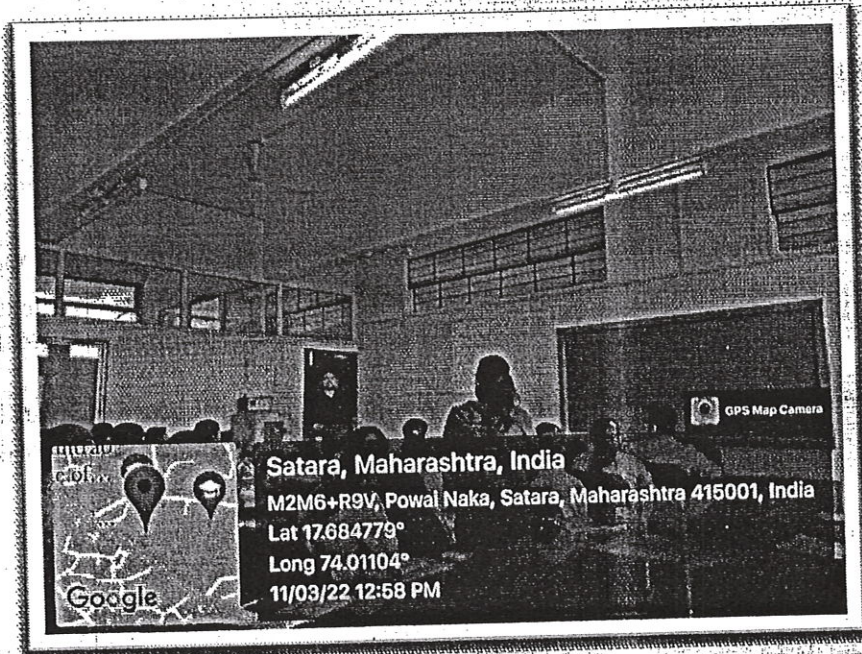

Yashavantrao Chavan Institute of science (Autonomous), Satara always encourages student to follow research path. The department of Nanoscience and technology is putting steps continuously for students to become good Innovator as well as a researcher. On 11th and 16th march 2022 department arranged hands on training Program on Skill development Courses for IIst Year B.Sc. Nanoscience Students.

On the 11th March 2022 First session was conducted by Dr. P. S Mundada Sir. He has very well explained Marketing and Start- up Financial. He explained why Start- ups are important. He Highlighted Especially Start- up Marketing Strategy and marketing plan.

He gave very informative explanation about Marketing Techniques and Start-up Strategies. He also explained Role of Marketing Department in a Business. The Session was started from 11:00 am to 2:00 pm.

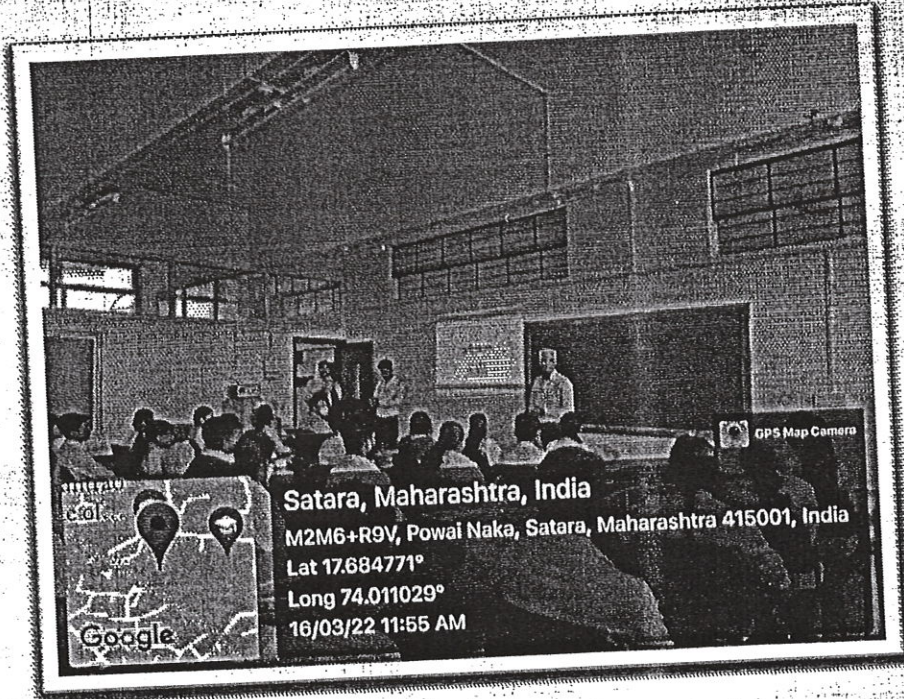

At Same day **Mr. Jadhav S. D.** started his workshop at 2:30 pm. He explained Planning and Organization of Nanoproduct.

Mr. Jadhav Sir Highlighted how the Nano product can be commercialized in market. He gave brief knowledge to the students about various nano products available in market and Nano products and nano medicines applications.

On the Second Day of workshop 16th March 2022 **Mr. Shrinivas Wathare Sir** explained Product Design and Enterprise Resource Planning. He also Explained various Qualitative things involved in Industry. Especially Software Applications used in Various Fields. He highlighted industrial process to making it high end quality to satisfy the customer. He explained very well about Product Design and Marketing Techniques and Enterprise Resource Planning.

The Overall Session was very Informative. Student feedback was also great. The all mentors, gave excellent therotical and practical knowledge.
